ABOUT ME

Creative and detail-oriented Video Editor, Motion Graphics Designer, and Photographer with a background in Computer Science and over 8 years of experience producing high-impact visual content for brands, businesses, and creators.

Delivered more than 1,000 freelance projects for clients across different industries and international markets, consistently maintaining a 4.9-star rating through quality, reliability, and strong client collaboration. Brings a versatile creative approach, technical precision, and a constant drive to explore new styles, tools, and visual techniques that elevate each project from concept to final delivery.

WORK EXPERIENCE (CONTINUED)

- **Video editor (Top Rated Level)** August 2018– Present
Fiverr

During my time on Fiverr, I've had the opportunity to collaborate with clients from all corners of the globe, engaging in a diverse array of video projects. like:

- Engaging motion graphics videos

● May 2020 – Nov 2022

Content Moderator

Tules international – Germany

I was responsible for moderating social media content and ensuring compliance with platform policies and terms of service. Engaging motion graphics videos.

During my time there, I was part of a large corporation, where I gained valuable experience in organization and teamwork.

● Nov 2022 – July 2023

Filmmaker

IncubateX – Germany

I was responsible for overseeing the company's visual identity, ensuring a cohesive and impactful brand image. In this role, I led a team of content writers and designers, managing creative projects from concept to execution. Additionally, I worked on producing trailer videos and designing 3D assets, including NFTs, to enhance the company's digital presence.

My rule also included:

- Researched crypto markets to identify investment opportunities.
- Traded cryptocurrencies and stocks based on market analysis.
- Managed social media, including content creation and campaigns.
- Designed and launched NFTs to enhance digital asset portfolios.

● April 2019 – Jan 2021

Motion Graphics Designer

IntegrateSun – USA

I was responsible for designing and animating 2D explainer videos, as well as editing testimonial videos.

● Jan 2018 – Nov 2019

Video Editor

RemotePlatz – Germany

I was responsible for editing video content and creating promotional videos for the website. Additionally, I contributed to a 3D project utilizing Cinema 4D to enhance visual presentation.

● May 2022

UI/UX Designer

Freelance projects – USA/Germany/Egypt

I contributed to multiple projects as a UI/UX designer, both during my time at university and as a freelancer, working on a range of applications and websites. I leveraged Adobe XD and Figma to deliver intuitive, user-centered designs.

● April 2023

Frontend Developer

Hochschule Rhein-Waal University – Germany

I collaborated with my colleagues to develop an app, where I was responsible for the frontend, including the design. I utilized React Native to build a seamless and user-friendly interface for the project.
